

PPL ELECTRIC UTILITIES

Building the utility of the future, today.

PPL Electric Utilities delivers safe, reliable and affordable electricity to more than 1.5 million homes and businesses throughout its 29-county service territory in eastern and central Pennsylvania. Through smart investments and innovation, it has built one of the most advanced electric grids in the United States. And, with over a century of expertise, PPL Electric remains focused on continuing to build the utility of the future, today.

Regularly ranking among the country's best utility companies for reliability and customer satisfaction, PPL Electric has won numerous awards, including 30 J.D. Power Awards for providing top-quality service to residential and business customers.

PPL Electric is a major employer and an active supporter of the communities it serves. Empowering employees, community members and initiatives across its service territory through volunteerism and investments in organizations that support education, sustainability, and wellbeing.
